

At Heartsease Primary Academy we are privileged to be able to offer additional support for some of our learners through specialist provision. 'Moonstone' caters for up to 12 Key Stage One children with complex needs who struggle to access their learning in the mainstream classroom. The classroom is manned by a specially qualified teacher and two teaching assistants qualified in meeting the specific needs of children with complex needs. The children follow a curriculum that is tailored to their individual learning and emotional needs and includes outside learning and a sensory diet.
